SCIENTIFIC PROGRAMME

Invitation

On behalf of the IRC RCOG India North, we are delighted to invite you to participate in the IRC RCOG India North Annual Conference 2025. This prestigious event will be held in person at the India International Centre, New Delhi, from Friday, 28th Feb 2025 to Sunday, 2nd March 2025. The conference is themed, "**Evidence to Excellence: Mastering the Art of Obstetric Decision-Making**".

We are proud to bring together international faculty comprising of **Prof. Hassan Shehata**, Senior and Global Health Vice-President, RCOG, **Prof. Fionnuala McAuliffe**, Director UCD Perinatal Research Centre and **Dr. Surabhi Nanda**, Maternal Fetal Medicine Subspecialist St Thomas Hospital, **Dr Prabha Sinha**, Senior Consultant Gynaecologist, L&D Hospital, UK and many national experts who will share cutting-edge developments, discuss best practices, and explore new approaches to enhance clinical skills and improve patient care. To cover aspects of the speciality we have several skill training workshops in new fields such as Robotic surgery, Perinatal Mental health, Gyn Hereditary cancers, Medicolegal skills, as well as the more established fields of CTG, Fertility and Early pregnancy scans, and Urogynaecology.

We warmly invite you to join us at this scientific conference, where there will be a combination of dynamic panel discussions and insightful talks.

This event offers a unique platform to exchange knowledge, explore advancements, and engage in meaningful conversations that drive progress in the field. We hope to have your participation and also catch up with friends old and new.

Warm Regards,

Dr. Anita Kaul
Organising Chairperson

Why Attend?

1. Important Topic:

Our conference and workshops will cover the latest updates and best practices in obstetric medicine, focusing on managing high-risk patients with comorbidities or medical disorders during pregnancy.

2. Comprehensive Coverage:
